

# 2006 NFDA Annual Retreat

Hilton Scottsdale Resort & Villas ▪ Scottsdale, AZ ▪ April 9 – 11, 2006

We're busily preparing for the NFDA's Annual Retreat, and want to keep you apprised of our plans. Within this newsletter you'll find pertinent information regarding general conference notes and registration, hotel accommodations plus continual updates on attendance and planned events.

The overwhelming presence of hurricane activity in 2005 has prompted the organization to structure this year's events around this reoccurring natural disaster. More specifically, we'll explore the impact of these disasters through a variety of industry perspectives, with a focus on the affects they have bared on the flood zone determination industry.
