[www.scottsdaleplazaresort.com](http://www.scottsdaleplazaresort.com)

Planning is already underway for the National Flood Determination Association's 14th Annual Retreat & Conference!

This is a casual event in true retreat format, providing an open forum to discuss current issues with industry experts, while allowing plenty of downtime for recreation. It is a fabulous networking opportunity and a great way to learn the latest news about the Flood Program.

The NFDA Annual Retreat & Conference receives rave reviews from all who attend, so if your company makes flood determinations, sells determinations, or simply uses flood hazard data, this event is an effective use of your time!

More details will be provided in the coming months via email and at [www.NFDAflood.com](http://www.NFDAflood.com).

### Planned Program to Include:

- FEMA's Mapping Initiatives
- Lender & Insurance Provider Issues and Viewpoints
- Legal Panel
- Legislative Updates
- News & Perspectives from Industry Affiliates
- ...and much more!
